In-kind Gifts

The following is a list of items and services needed to create the Rainbow Hospice inpatient unit.

Lighting

Fixtures, wall sconces, overheads, lamps, etc.

Lighting Installation

Licensed and bonded electricians to work with the architect and designers to wire and install lighting fixtures

Flooring

Material and installation of carpet or solid surface flooring for approximately 7000 square feet of space based on specifications from the architect and designers.

Plumbing

Fifteen ADA approved sinks plus installation to replace those that currently exist.

Enhancements

To elevate the care environment, the following items will be made a part of the inpatient unit if resources become available:

The Spa \$100,000

A room with a massage table and a comfort-focused bathtub that is equipped with an automated lift.

Landscaping and Entryway \$50,000

A beautifully designed entrance to the Rainbow Hospice inpatient unit that will be welcoming and inviting.

Remote Monitoring System \$40,000

An in-room video with electronic feeds to the nurses station to provide privacy and security.
