

## Naming Opportunities

Significant gifts to the Rainbow Hospice inpatient unit will entitle the donor to appropriate recognition through a variety of named giving opportunities. Your name, company's name, or the name of someone you wish to honor or memorialize can be appropriately recognized.

We invite you to consider the wide variety of opportunities to help Rainbow Hospice address current needs, and prepare for the future.

Because we do not yet know the growth trajectory of Rainbow Hospice, we are leasing a 7000 square foot wing of St. Matthew Center for Health to establish our inpatient unit. It is possible that our future will include a freestanding hospice residence. For that reason, we are offering two levels of Naming Opportunities.

### Level I

Naming opportunities will extend to the life of the Rainbow Hospice inpatient unit/residence.

### Level II

Naming opportunities will have a term of 5 years (minimum) to 15 years, to coincide with the lease agreement with St. Matthew Center for Health and Lutheran Social Services of Illinois.
